Railroads at end of book.

## Commonwealth of Massachusetts.

### BOARD OF RAILROAD COMMISSIONERS,

No. 20 BEACON STREET, BOSTON.

### RULES

*Prescribed by the Board of Railroad Commissioners, under sections 92 and 97, chapter 111, Revised Laws, in regard to Records of land purchased or acquired for railroad purposes, or of Railroad Locations, and the Manner of keeping the Same.*

- RULE 1. Location maps shall be made upon a scale of ~~not less~~ <sup>showing not more</sup> than four hundred feet to the inch, upon cloth-backed paper, and shall be firmly bound for record in books eighteen (18) inches from top to bottom, and thirty (30) inches from back to front.
- RULE 2. Said maps shall show the courses of the tangents and the radii of the curves of the centre line of the railroad in question; the widths of land taken, specifying such width on each side of the centre line; also the courses of the division lines between the lots over which the location is made, and the distance between them on the centre line. When the land purchased or taken is entirely on one side of the centre line of location or outside the location, the description shall be so made as to tie the boundary lines of the lot to the centre line by lines, the courses and distances of which from a fixed point or points on said centre line shall be given. Where but one track is laid, the position of such track with reference to the centre line shall also be shown, in order that the boundaries of land may hereafter be determined by measurements from the track as laid, if the same shall not have been changed. Where two tracks are laid it shall be specified whether the centre line is the centre line of one of them or is midway between them.
- Note. — The courses called for above may be either *magnetic* or *true*, but the maps and descriptions must specify which are given.
- RULE 3. The description in writing must in all cases correspond with the map, and the two taken together must have the substantial certainty and precision of a deed. (2 Gray, 580.)
- RULE 4. The location shall be certified by the Directors of the Corporation, or by the President, if authorized by a vote of said Directors.
- RULE 5. The location, when deposited with the Clerk of the County Commissioners, shall be kept for preservation and convenient reference in the office of said clerk, in a cabinet used exclusively for that purpose, and furnished with shelves sufficient to allow at least one separate shelf for the maps of each corporation owning a railroad within the county.
- RULE 6. A book shall be kept in the office of each clerk, in which shall be recorded the name of every location, the time when it was filed, and the shelf where it is deposited.
- RULE 7. No location after it has once been filed shall be taken from the office of the clerk for any purpose except upon the order of a court or other proper authority.

By order of the Board,

CHARLES E. MANN, Clerk.

February 1, 1905.

# AGAWAM.

Year. Book. Page.

Highway from South End bridge and land taken for highway purposes.

1881 1 8

Ferry Road

1882 1 18

Relocation of highway leading from Feeding Hills road west of house of Frederick N. Leonard, to near corner of Frederick Dwight's homestead.

1884 1 39-42

Crossings of Hartford and Connecticut Western Railroad.

1889 1 156-161

Suffield street

1893 1 165, 166

Silver street road

1894 1 182

Highway crossing, Hartford and Connecticut Western Railroad co. at Taylor Bros., Feeding Hills.

1899 2 46

Relocation of highway <sup>Cooper</sup> from R. J. Smith's on Agawam St. westerly to Feeding Hills road

1900 2 109-115

Mittineague bridge, between Agawam and West Springfield

1901 3 4, 5

Relocation of West, Southwick and Springfield streets from Still Brook to Agawam bridge

" 3 6-12

Relocation of Prince <sup>Federal</sup> St. from main road to Bennett's Ave

1902 3 46, 47

Location of highway <sup>Leicester</sup> commencing at a stone monument on the northerly line of Mill street and running in a northeasterly direction to Springfield street

1903 3 76

Location of highway <sup>Rowley St</sup> beginning at a stone bound on the southerly side of Springfield street on land of T. J. O'Brien, thence southeasterly to a stone bound on the westerly side of <sup>Suffield</sup> Federal street.

1905 3 78-81

Relocation of South St. and Shoemaker Lane.

1906 3 95-105

Alteration of crossing at Springfield Street.

" 4 7

Relocation of Westfield St. from Shoemaker Lane to North St.

1908 4 17-24

Relocation of School St. from Main St. to River road

" 4 33-39

Relocation of Adams St. from Main St. to Suffield St.

" 4 40-45

Relocation of portion of Main St.

1914 6 13

Location of highway from Granville corners through Southwick to Feeding Hills in the town of Agawam under Acts 1915, ch 221 § 1, No. 9.

# State Highways

## PALMER

Filed Case Plan  
Year Book

Discontinuance of State Highway from Monson line to road leading to Three Rivers.

Jan. 12  
1925 13 23

About two-thirds of a mile of road commencing at the dividing line between the towns of Monson and Palmer, <sup>defined by middle of Quabog River & extending along South Main Street</sup> to a point beyond the Palmer Water Commissioners <sup>Fire District No. 1</sup>

Jan. 16  
1925 30 1

About one-tenth of a mile of road beginning at or near South Main Street & extending along the Tenney Road so-called in two sections, to a point at or near Park Street.

Nov. 28  
1925 30 2

About one-half mile of road located on northerly side of Boston and Albany Railroad near underpasses at Railroad Bridge Nos. 81.89 and 82.16

Sept. 18  
1928 36 1

Boston Post Road, Alteration consists of widening on both sides of State Highway beginning at a point on Boston Post Road about 1100 ft. westerly of its junction with Primfield Rd & extending easterly about 2000 ft. along Boston Post Rd & along Primfield Rd from aforesaid junction about 900 ft. to dividing line between Towns of Palmer & Monson as defined by the middle of the Quabog River.

Nov. 18  
1930 13 26

Boston Post Road, Alteration consists of a widening on southerly side between station 109+98.64 (laid out in <sup>May 2</sup> 1922) and station 120+16.24.

Dec. 31  
1930 13 27

Boston Road, Alteration consists of widening on southeasterly side between station 66+53.69 (near property of Field and Anne Johnson) and station 68+83.04.

Jan. 9  
1931 13 28

Boston Post Road - Discontinuance of a section of Boston Post Road beginning at a point about 110 ft. distant north-easterly of B & A R.R. underpass, about 1/4 mi. westerly of Central Mass. Power Co. station, thence southerly and easterly about 1/3 mi. to southwesterly side of location of said railroad at former underpass about 500 ft. easterly of said power station.

May 18, 1933 13 32

Park Street - alteration consists of widening location of State Highway and is located on northeasterly side of road just northwesterly of High and Pinney Streets.

Nov. 21,  
1936 13 33
